

# TUFFY ENDURO PRODUCT DESCRIPTION SHEET

## WEAR RESISTANT CERAMIC COATING

### RAPID CURE HARDENER

Mix 250 ml of Part B to 7kg of Part A

## INSTRUCTIONS FOR USE

1. Shake Part B well until a consistent colour is reached.
2. Mix 250ml of Part B hardener to 7 kg of Part A. Use hardener scale on Part B for lesser amounts.
3. Mix thoroughly for at least 2 minutes and until a uniform off-white colour is achieved.
4. For surface preparation, ensure loose particles, oil and grit are removed.
5. Tuffy Enduro can be applied to wet or damp surfaces.
6. For best adhesion, dab mixture on surface a few times before pressing on with gloves or trowel.
7. To achieve a smooth finish, apply a small amount of water or glycerol to surface after tack time.
8. Coverage is approximately 2.5kg per sqm at 10mm thickness.
9. For clean-up, use soap and water or a non toxic alcohol or other solvent.
10. To speed up set time, gently heat substrate and not Tuffy Enduro mixture with lamp, torch or flame, but do not localise or concentrate on any surface.
11. Shelf life is one year for unopened containers.

## WARNING

**Health Risks** – May cause irritation to the skin and eyes. May cause skin sensitisation. Toxic to aquatic organisms and ecosystems.

**Safety Precautions** - As a matter of good industrial hygiene, gloves, safety glasses and protective clothing should be worn when handling Tuffy Enduro. Use only in well ventilated areas. If there is insufficient ventilation use approved respiratory equipment. Avoid contact with skin and eyes. Avoid the inhalation of vapours and mist. Keep out of reach of children.

## FIRST AID

**Inhalation** – If inhaled, remove victim to fresh air. Get emergency medical attention. Give oxygen if necessary.

**Skin** – Remove from exposure. Wash skin thoroughly with water and soap.

**Eyes** – In case of eye contact, immediate flush with water for 15 minutes. Seek immediate medical attention.

**Ingestion** – If swallowed do not induce vomiting. For advice, contact a Poisons Information Center (phone 13 11 26 in Australia) or a doctor immediately.
